

# NEW LUX RANGE

Zuui ORGANIC

Zuui Organic has created a Luxurious range of makeup to protect your skin from the damaging effects of air pollution. Developed using botanical ingredients such as Pavlova Lutheri Extract, our new range acts as a protective barrier, preventing pollutants from penetrating and damaging the skin. Like our existing range, these products contain a blend of functional actives and botanical extracts to nourish, protect and treat your skin - with a wide range of colours and shades to suit everyone.

## Lux Luminescent Foundation

Zuui Organic Lux Luminescent Foundation offers intense hydration with a smooth, natural finish. Rich in antioxidants and botanical extracts, this foundation works to improve the overall health of your skin while providing incredible coverage. Available in seven different shades to suit all skin types:

Driftwood

Pearl

Ivory

Dusk

Coconut

Sunkissed

## Lux Flawless Foundation

Zuui Organic Lux Flawless Liquid Foundation offers maximum coverage with a smooth, natural finish. Our power plant extract Bulbine Fructose Leaf Juice will boost collagen and tighten your skin. Available in seven different shades, to ensure suitability for all skin types:

Driftwood

Pearl

Ivory

Dusk

Coconut

Sunkissed

## Lux Finishing Powder

Zuii Certified Organic Lux Finishing Powder allows all individuals to literally wear flowers on their face! Complete with a visible Rose Petal bottom, the lightweight formula contains Bamboo Powder Extract to deliver long-lasting wear that will nourish and protect the skin. Further enriched with ingredients such as Witch Hazel Extract, Camellia Seed Oils and Aloe Vera, this product helps to control oil and minimise shine, while further hydrating the skin. Formulated into one neutral colour tone, this product is perfectly suited to all skin tones and types.

## Lux Lipsticks

Zuii Certified Organic Lux Lipstick offers a rich and creamy colour, that will simultaneously work to protect and hydrate the lips. Reinforced with a combination of Vitamins and power plant extract such as Bulbine Fructose Leaf Juice, with an additional blend of anti-pollutant actives and botanical extracts- these lipstick will act as a natural barrier against the surrounding environmental conditions. You will look incredible, and you lips will thank you for it. Created with a seven shade range, these lip colours are perfectly matched to the current trends in the Asian market - mirroring the top-selling colours of the past year.

Charm

Copper

Coral Red

Glam

Paris

Pout

Scarlet

# NEW LUX RANGE

## The Benefits of Lux

- The entire range has been formulated to work as a natural barrier to surrounding air pollutants -- meaning your skin will be protected from harsh environmental conditions
- The formulated colours have all been derived from an analysis of the top performing/selling colours found in the Asian market today
- By having seven different shades in both the Flawless and Luminescent Foundations, all skin tones have been accounted for and now have a colour to suit
- The formulas used throughout the products have so many infused nutrients and vitamins, that they are perfect for all skin types. Through using the products daily, the overall health of your skin will actually be improved.
